

# SIERRA IL500

## INCLINED PLATFORM LIFT

### MOVE UP WITH YOUR WHEELCHAIR

The innovative Sierra IL500 is ideal for transporting a person and their manual wheelchair up a straight stairway. Its 500 lb capacity will handle most wheelchairs up to 36" in length. Sierra does not require wall modifications, saving installation time and cost.

### FEATURES + BENEFITS

- Easy installation. Lightweight for one-person installation; no major load-bearing wall modifications needed.
- Free-standing post kit, allows a wall-free installation, with the main carry load supported by step brackets (optional).
- Platform options — 90°, 25" or 27.5" widths.

*NOTE: Residential and indoor use only. Not for use with scooters or power wheelchairs.*

# PREMIUM PERFORMANCE YOU DESERVE

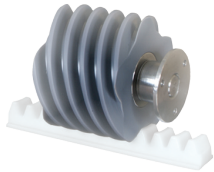

## SIERRA IL500 INCLINED PLATFORM LIFT

Space saving 13" wide when folded, yet the Sierra carries up to 500 lb.

*My Sierra IL500 allows me to stay mobile in my own home. I feel so much safer, now that I can take my manual wheelchair up the stairs.*

Patented worm drive is energy efficient and does not require any grease or lubricant.

Safety sensors on the carriage and platform stop the lift instantly if an obstruction is present.
